FAIRFIELD COUNTY HAS SIGNIFICANT NEEDS. YOU MAKE IT POSSIBLE FOR US TO TACKLE THEM.

The inequities, disparities and needs in our region are significant. With the data from the recent Fairfield County Community Wellbeing Index, we know we have our work cut out for us. It is your commitment to giving where you live that enables us to continue to make the work we do impactful and even more strategic. Together we can improve the quality of life, health, educational and economic opportunities for all residents of Fairfield County.

Here are a few data points from the Index that will inform our solutions going forward.

The region's income inequality ranks first of the 100 largest U.S. metro areas when comparing incomes of top and bottom earners. In 2014, the top 5% of earners made nearly $560,000 per year, almost 18 times the less than $32,000 that the bottom 20% earned.

While Fairfield County residents on the whole are healthy when compared to national benchmarks, many conditions and risk factors – such as asthma, food insecurity, exposure to community violence and the early onset of diabetes – are disproportionately prevalent in lower-income neighborhoods and communities of color.

While Fairfield County boasts a 90% four-year high school graduation rate, only 43% of the county's students are proficient in math in 8th grade.

DEAR FRIENDS,

JUANITA T. JAMES
PRESIDENT &
CHIEF EXECUTIVE
OFFICER

LIZANNE GALBREATH
CHAIR, BOARD
OF DIRECTORS

Thanks to you – our donors, partners and communities – 2017 was a very good year. With your support and generosity, we strengthened our financial position, exceeded expectations for Giving Day, took our programs to an ever-higher level, and continued to empower women, girls and disadvantaged youth by giving them the tools they need to improve their quality of life and move towards economic self-sufficiency.

We also marked our 25th anniversary in 2017. Over the years, we have broadened our scope from simply making grants to being a unifier that brings together thought leaders from various sectors of our communities. We have come a long way together and can be proud that we have built a Community Foundation that is having a positive impact on our region.

Our success has been driven largely by a commitment to research. Today we are known as a Community Foundation that combines compassion with hard data. Research helps ensure that your support goes to the most promising and sustainable solutions. Our Community Wellbeing Index, published in partnership with DataHaven, was the result of meticulous research. It identifies critical opportunity gaps that exist in Fairfield County. Going forward, it will guide the Community Foundation's strategies, programs and funding.

On behalf of all of us at Fairfield County's Community Foundation, we thank you for your commitment and support and for sharing our vision of making Fairfield County a vital, inclusive community where every person has the opportunity to thrive.

IN MEMORY

LEFT TO RIGHT

Susan M. Ross
Anne S. Leonhardt
Joan M. Warburg

During the year, we lost three of our dearest friends and supporters. Susan M. Ross, who was the former president and CEO, led the Foundation for 15 years during a time of tremendous growth and change, and was a strong proponent for building nonprofit executive leadership. Anne S. Leonhardt, who was a lifelong believer in the empowerment of women and girls, was the founding donor of our Fund for Women & Girls. Joan M. Warburg, also a longstanding supporter and donor, brought tremendous expertise and enthusiasm to us. We are forever grateful to these three women for their leadership and commitment to Fairfield County.

YOUR IMPACT AT A GLANCE

686 INDIVIDUALS REPRESENTING 325 NONPROFITS strengthened their organizations through the Center for Nonprofit Excellence's offerings

21 PROFESSIONAL DEVELOPMENT WORKSHOPS for nonprofit staff and board members generated a **98% SATISFACTION RATE**

129 NONPROFIT LEADERS AND 19 STATE LEGISLATORS AND LOCAL ELECTED OFFICIALS from four cities met through CNE to discuss countywide issues

96% OF WORKSHOP ATTENDEES stated they improved their knowledge and skills as a result of CNE training

Building capacity for high-impact success

Our Center for Nonprofit Excellence (CNE) provides high-quality, low-cost training and resources to help Fairfield County nonprofits build capacity and make a powerful impact on their communities. It is a one-stop resource hub unlike any other in the county.

With your feedback on our programs and services – combined with research and data – we have broadened and strengthened our offerings for nonprofit staff and board members. From our Executive Leadership Program to skill building workshops to Board Chair roundtables, CNE is providing the leadership and capacity-building that our nonprofits need to succeed. And thanks to your support, we were able to expand our offerings this year to provide training on succession planning, data skills and collaboration.

Learn more about the work that you are making possible or register for one of our events at: fccfoundation.org/cne.

> *"Having been in CNE's Executive Leadership Program for two years, I've been able to take the best practices shared and competencies learned – from marketing and branding to finance to advocacy work – and apply them throughout our organization. This professional development enables networking which leads us to collaborations that deliver results and impact, and it all starts with CNE ... at a minimal or no cost."*

FUND FOR WOMEN & GIRLS

Empowering women and building self-sufficiency

You are empowering the women and girls of Fairfield County, helping them achieve their dreams and build a better life for themselves and their families. Our Family Economic Security Program (FESP), a partnership with Housatonic Community College, had a record 143 students enrolled in 2017, moving us closer to our goal of helping to move 400 students towards greater economic security by 2019.

During the year, we held our first community college symposium, bringing nonprofits, funders and educators together to discuss how to make better investments in education to help women access and attain sustainable employment opportunities. We also launched a renewable grant program to provide multiyear assistance to some of our strongest grantee partners.

In 2017, we held a one-day advocacy program to help women run for public office. Participants learned the most effective techniques to successfully launch their political life and networked with key community leaders who shared their political experiences.

> *"It was always my dream to go to college. After 16 years of various immigration setbacks, the minute I got my green card I enrolled at Housatonic Community College. As a grandmother of three, I'll be completing my associate's degree in Sociology this December and plan to enroll in another college to earn my bachelor's and master's degrees in social work. I tell everyone: Never give up on a dream, and FESP made sure that I didn't give up on mine!"*

"Giving Day is that rare opportunity for every nonprofit, no matter size, to reach out. Unlike other fundraising efforts – from galas to sponsorships where the cost of entry can be steep – Giving Day is unique because everyone can participate and feel good about giving – no matter how much, no strings attached. Our success was a direct reflection of our Board's involvement. We stepped up and drove this effort. As a result we not only raised funds and made new friends, we also saw a boost to morale as we all came together for 24 hours."

Setting new records thanks to your generosity

You did it again! You made March 9, 2017 – Fairfield County's Giving Day – the most successful yet. You raised $1,465,246 in just 24 hours! As the region's largest philanthropic day of the year, the goal of Giving Day is to inspire, empower and unite individuals across the region to learn about their local nonprofit programs and support the impactful work these organizations are doing. It is the one day of the year that brings all of us in the county together to support our shared values and celebrate local philanthropy. Let's see what you can do on March 1, 2018!

Thank you once again Bank of America for being our Giving Day Lead Sponsor for the fourth year!

Be part of the next Giving Day at: FCCFoundation.org/giving.

Creating hope and achieving dreams with your help

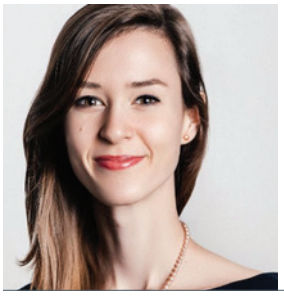

Your support is helping bright and motivated students achieve their dreams of a rewarding career and a higher standard of living.

Many of our donors create a scholarship as an enduring tribute to honor the memory of a loved one or to acknowledge the achievement of an individual who has made a difference. Others give to support higher education in general. No matter the reason, the scholarships you fund enrich students and bring exponential benefits to the community.

Talk with us about starting a scholarship fund.

We see it as a win-win because we're paying it forward and helping close the opportunity gap, while seeing the communities that we lived in for so long progress and thrive. This year alone our scholarship fund gave out $72,000 to 23 people!*

JUDITH HAMER
Meadow Ridge Scholarship Committee Member

In 2005, the residents of Meadow Ridge, known for its exceptional care for seniors, created a scholarship fund at the Community Foundation. The scholarship helps Meadow Ridge employees and their families pursue college degrees or continuing education.

FCCF understands not only the diversity and economic disparity of the region, but also the critical role community colleges can play in preparing students for a sustainable career. The Career Connections pilot is doing groundbreaking collaborative work by engaging, or re-engaging, our underserved youth in the educational process and providing financial support for certificate programs, which is unique. Together we're unlocking the potential of these students and guiding them toward a professional career in which they can grow.

14 YOUTH AMBASSADOR GRADUATES

Besides opening my eyes to new and different ways to thrive, I am now aware of more ways than one to earn a degree. As a Youth Ambassador, I'm helping my community give kids of low income and hard times hope that they too can thrive.

ARIADNA LOPEZ

Helping young adults achieve self-sufficiency

Through our Thrive by 25 initiative, we are accelerating our efforts to give every young person in our region the skills, support and opportunities to succeed in school, launch a career and become civically engaged by the time they reach the age of 25.

In 2017, we strengthened the focus of our competitive grantmaking, awarding significant dollars to our grantee partners who are supporting the educational and career success of our most at-risk youth. In partnership with Norwalk Community College and Norwalk Community College Foundation, we launched Career Connections to demonstrate how community colleges can re-engage and support young adults who are disconnected from school and employment. One hundred students, ages 18-25, will have the opportunity to quickly earn an allied health certification and be placed in a well-paying job with a clear pathway for advancement.

We also graduated our second class of Youth Ambassadors, a committed group of young adults ages 16-25 who worked together to study and address the issues that hold young people back. Moving forward, we'll share what we have learned from them with our grantee partners to scale this work, so that all young adults have the chance to find their voice and develop their leadership skills.

Learn how you can help our young adults achieve self-sufficiency at: FCCFoundation.org/thrive.

Fairfield County's Community Foundation
1992-2017
TOGETHER WE THRIVE

Celebrating milestones, envisioning our future

In 1992, none of us could have imagined how much we would achieve over the next 25 years. Our organization was formed through the merger of several individual community foundations – Danbury, Greenwich, Stamford and Five Town (Westport, Wilton, Weston, Norwalk and Darien), and expanded in 2008 with the addition of the Greater Bridgeport Area Foundation.

From the start, we were founded on the belief that by combining resources we would be better able to serve the region's changing needs. We have gone on to build a community foundation with the capacity to collaborate and convene, to identify trends and issues, and to provide sustainable, scalable solutions based on best practices and sound research.

As we look to the next 25 years and build on past successes, we know the challenges we face are systemic and generational. No one organization or person can solve them alone. Our role as the region's unifier and convener will continue to grow, engaging our and your expertise to jointly accomplish much more. Together we will work to close the area's opportunity gaps, and we will continue to envision a vital and inclusive community where every individual has the opportunity to thrive.

Become part of Fairfield County's future and help make a lasting impact. Contact our Director of Development at 203.750.3200.

"To all of you – our supporters, donors, partners, committee members, Board and staff – thank you for what you have given over the past 25 years of your time and treasure. Thank you for your ideas and for bringing us together. Thank you for helping us connect with each other and with our communities. And thank you for creating a community foundation that is creating lasting benefits to Fairfield County. Thank you from the bottom of my heart."

Discretionary Grants

Every grant the Community Foundation makes come from a gift made by someone like you. We are grateful for your continued support!

HOW DISCRETIONARY GRANTS ARE AWARDED

Grants are awarded through a competitive process. Nonprofits working in our priority areas are invited to submit a letter of inquiry.

Letters are reviewed, and we follow up to learn more about the projects.

When the proposed project fits our grantmaking priorities, we ask for a full proposal. Grant application guidelines are posted on **FCCFoundation.org**.
