Get your tickets for **THE YOUNG VOTE** - the 2022 documentary that follows a diverse group of students and activists during the 2020 election to understand young people's perceptions of voting and civic engagement.

A great civics resource, this **FREE** event aims to bring together young people, local leaders and engaged community members to discuss the issues raised in the film. A brief panel discussion including filmmaker Diane Robinson will follow.

Watch the movie trailer: fccfoundation.org/YoungVoteTrailer

The Community Foundation hopes this screening will spark interest from local schools and organizations to host future local screenings for their communities. Funds are available to support those efforts.

For more info, please email Chin Nnodum at cnnodum@fccfoundation.org.
